

TYPELINE

“The Lord would have His institutions cleansed and elevated to a high and holy standard. Those connected with them He would beautify with the spirit of holiness and have them express the image of His dear Son. He would have them real helps and not hindrances” (*The Southern Watchman*, Oct. 9, 1901).

Bring Garden Cheer Into Your Home With Color

Even in the throes of winter, when most gardens are hibernating under a cold-weather blanket, it's easy to bring the warm, vibrant feelings of spring into the home with colors, textures, and patterns.

From the saturated colors of fresh fruits and flowers to the neutral hues of pavers and fountains, the promise of new spring gardens can provide an endless source of decorating inspiration.

In fact, styling a home is much like planting a garden: Begin with a base color, then add pops of lively hues to complement the space. Reminiscent of violets in the garden, try purple vases on the fireplace mantel. Finally, add accents such as a green rug, as if there were freshly cut blades of grass underfoot.

Wonder whether a splash of spicy tomato red can add character to a living room or if weathered-stone grays can refine the walls of a master suite? Test colors without ever picking up a paintbrush. The new Upload Your Own Photo feature at sherwin-williams.com allows do-it-yourselfers to experiment with the paint retailer's entire color spectrum, including interior and exterior facades.

Adoption Blessings

Thank you for your prayers during the adoption process Doug and I have gone through. There were many, many hoops to jump through to finally get my daughter, Yana Marie, to America. Adopting and raising an older child can be a blessing, but it can also

be a challenge in itself. I have been told that the first three months to a year are the most difficult and the most important for bonding. Your continued prayers and support will certainly be very much appreciated. Blessings to you all, Madelyn Gatz.

Hanson Granddaughter Arrives

Steve and Gail Hanson are proud grandparents once again. Abigail Marie Poole was born to their daughter Stephanie and son-in-law Len Poole on December 28 at 2:40 p.m. in Wyoming, Michigan.

Abigail weighed 7 lbs 8 oz and was 19.25 inches long. She has lots of dark, curly hair, which made Poppa Steve jealous and Gamma Gail jump for joy. All are doing well and praising God for this beautiful child.

Sabbath Sundown Serenade Series

January 16, 4:30 p.m. The Hagerstown SDA Church invites you to attend their first-of-the-year Sabbath Sundown Serenade concert, presenting the piano and organ artistry of our very own James Brostrom. (Several of us pray for the safety of James' hands as he labors day by day in the R&H Bindery.) James is the organist for the Frederick SDA Church, and delights in presenting creative music passages for their congregation.

In his short life, he has already presented major works on cathedral organs in Russia, Iceland, and Canada. His passion to perform "healthy music" that recharges your spiritual battery is evident in every one of

his concerts. You are invited to bring friends and neighbors to this inspiring Sabbath Sundown Serenade. Concert location is 11507 Robinwood Drive, Hagerstown.

January 30, 5:00 p.m. Hagerstown SDA Church presents its third annual Children's Invitational Music program—one of the most popular and appreciated of the Sabbath Sundown Serenade programs. Children and young people are invited to prepare special pieces, appropriate for sanctuary performance, for this concert. Please contact ViAnn Johnson (301-790-0957); Barbara Yowell (240-687-9369); or Ginger Sayles (301-797-2734) with details of the selection you would like to have included.

Open Wide!

Is there a link between mouth health and overall well-being?

A recent study presented at the Eighty-seventh International Association for Dental Research General Session and Exhibition found that heart attack victims had higher numbers of bacteria in their mouths.

One theory regarding the connection between the health of your mouth and your body says that plaque and gingivitis germs can travel from your mouth to your bloodstream and ultimately contribute to these broader health problems. However, further research is needed to better understand the connection between oral and systemic health, as a cause-and-effect relationship has yet to be established.

Findings from a two-week study conducted at the University of Medicine

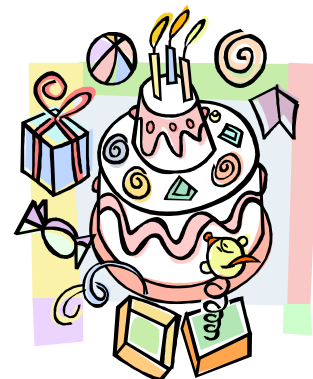

and Dentistry of New Jersey showed that rinsing with Listerine Antiseptic twice a day, as directed, can significantly reduce the amount of bacteria that may travel from the mouth to the bloodstream in people with mild to moderate gum disease.

The makers of Listerine Antiseptic bring the potential link between the health of your mouth and the health of your body to life through a first of its kind educational video

that presents a look inside the body to illustrate what may happen when bacteria travels from the mouth to the bloodstream in people with advanced gum disease. To view this video and learn more about the mouth-body connection, visit www.listerine.com/health.—Courtesy of ARA Content.

Title: **Any Way Out: Twin brothers. Two paths. No chance.**

Author: **Ann Vitorovich**

They had dreamed of this moment for years, and on that snowy day in January their dream finally began coming true. Identical twin brothers Voja and Cveja Vitorović would escape from Communist Yugoslavia—Voja defecting from a tour group in Rome, and Cveja taking his chances at the heavily guarded border.

But would Cveja survive his encounters with the border and rejoin his brother? What would happen to Voja after an unnamed individual made the very serious accusation that he had betrayed not only his church but Italy as well? Would their faith be strong enough to weather the ordeal?

This is a true story of relying on God through every difficulty and believing that His will would be accomplished no matter what happened. God had a plan for those twin boys of His, and He worked mightily behind the scenes to overcome all their obstacles.

Title: **The Radical Teachings of Jesus**

Author: **Derek J. Morris**

Do you believe what Jesus preached? If you accept that He was actually who He claimed to be, you should! Jesus ignored human traditions and presented His listeners with God's truth. Discover some of the radical ideas He taught that defied conventional wisdom and customs then—and that continue to do so today.

"When Jesus is the center of each Bible truth, hearts are touched and lives are changed. Derek Morris uplifts the Jesus of the New Testament in all of His richness and matchless charms. But the gospel Jesus preached is not a soft, watered-down version of easy believism. *The Radical Teachings of Jesus* will move you to the core of your being."—Mark Finley, evangelist.

"In his clear but kind way Derek Morris shows us how to let the radical teachings of Jesus cut across the gods of our culture and transform our lives. Reading this book will give you a greater passion for Jesus and His Word."—Dan Serns, director of church planting, North Pacific Union Conference.

"What I love about my friend Derek Morris is his unabashed passion for Jesus. His powerful book *The Radical Prayer* not only impacted deeply my own life and ministry, but did so as well for our congregation. And now his heart for Christ is taking it to the world. It couldn't come at a more critical time in history!"—Dwight K. Nelson, senior pastor, Pioneer Memorial SDA Church.

"This is a practical and powerful book on the life-changing teachings of Jesus. I have known Derek Morris for many years, and he has proved himself to be one of the most qualified Christian leaders to write on this topic. As you read the deep insights in this book, ask the Holy Spirit to work on your heart, and you too will become radically changed for the better!"—Jerry Page, president, Central California Conference.

"*The Radical Teachings of Jesus* is a book worth reading. It will challenge your thinking and transform your life. Derek Morris makes the teachings of Jesus practical and helps the reader understand what the ministry of Jesus is all about."—Jack Blanco, Th.D., retired dean of theology, Ooltewah, Tennessee.
